

June 2019

Dear 3rd, 4th, 5th, 6th, 7th, and 8th Grade Families,

This letter includes the Supply List for your student for the 2019-2020 school year. In addition to a few supplies we ask you to purchase, each student is asked to provide \$20 cash or a check made out to St Edward School. The money will be used to purchase other items that the students will use up during the year. There are two reasons why we are asking for money rather than the actual supplies:

1. Our research shows that the supplies your student needs will cost less if we purchase them in a bulk quantity. The \$20 will buy more supplies for each student than if each family purchased those supplies separately. We like saving you money!
2. We put a lot more responsibility on the students to be independent, organized, and responsible for their work and belongings. Learning organization is a critical part of preparing for academic success, and each student needs to have uniformity in order for the process to work.

Please send cash/check with your student on the first day of school so that we can purchase the necessary materials.

We wish you a safe, restful summer vacation and we look forward to a successful 2019-2020 school year.

Sincerely,

The 3rd – 8th Grade Homeroom Teachers

Supply List

- 1 Sturdy 13-pocket expandable file folder, approx. 10" x 13" - **no binders**
- 1 Pair 8" scissors (Fiskar brand if possible)
